

## Tundra Freezers

### With Remote Condensing Units

#### Features:

- Operates with the reliable and quiet Danfoss 12/24 volt compressor using environmentally safe R134a refrigerant.
- Rigid external chassis with extra thick, highly efficient poly-urethane foam insulation throughout.
- Standard with compact forced air condensing units to provide better heat transfer, higher efficiencies, increased interior volumes and longer life.
- Units come standard with flush mounting flanges.
- Doors are reversible and panels are easily interchanged to match specific interior applications.(Units come standard with a black finished panel.)
- Standard with the attractive "Nautic Lock™" – a positive locking mechanism that easily slides for opening and closing.
- Adjustable shelving for efficient use of interior space and storage.
- Magnetic door seals are standard on all units.
- Two-year warranty on all parts. One-year on labor.

#### Optional:

- A single AC power supply (TPS) conversion kit operates at either 115V or 230V inputs.
