

HZB Series Portable Ice Makers

Make Up to 33 Lbs. of Ice Every 24 Hours

Dometic's HZB series of portable ice makers makes it possible to have ice where and when you need it.

Efficient HZB ice makers can produce up to 33 lbs. (15 kg) of ice every 24 hours. After turning on the unit, simply add fresh water, select the cube size, and the ice maker does the rest. Ice is ready about 14 minutes after turning on the unit.

Three cube sizes are available (HZB-15S only). Selection is made on the LED control panel, which also features low water and ice full indicators.

The removable basket holds up to 2.5 lbs. (1.1 kg) of ice. The basket is slotted on the bottom to allow water from the melting ice to flow back into the water reservoir for more ice production.

The energy saving clear window in the lid allows ice level checking without raising the lid and losing cold. HZB ice makers include an ice scoop, self-storing drain fitting, and is available in stainless-steel or black finish (HZB-12S only).

Select from three cube sizes on the HZB-15S LED control panel, which also indicates low water and ice full.

Select small or large cube size on the HZB-12S LED control panel, which also indicates empty water and full ice.

The removable ice basket is slotted to allow for water from melted ice to be recycled into more ice. Ice scoop is included.

Key Benefits

- Make up to 33 lbs. of ice every 24 hours.
- Removable basket holds 2.5 lbs. (HZB-15S) or 1.8 lbs. (HZB-12S) of ice.
- Makes three cube sizes (HZB-15S only).
- Ice is ready in about 14 minutes.
- Ice full and water empty control panel indicators.
- Slotted ice basket allows water from melting ice to be recycled into more ice.
- Automatic shutoff when water is low.
- Automatic shutoff when ice basket is full.
- Stainless-steel or black finish (HZB-12S).
- Ice scoop included.
- Window in lid allows ice level checking without opening the lid and losing cold.
- Convenient recessed carry handles (HZB-15S only).
- Dometic 1-Year Protection Plus warranty.
